## DESIGN - QUALITY - SERVICE

Martin & Levesque is a manufacturer and distributor of uniforms for professional work forces: police, fire rescue, paramedic, public transportation, corporations, and security agents.

A Canadian uniform supplier for professionals since 1974, our resources and methods are in constant development to remain a top player in the uniform industry. As our thousands of satisfied customers will attest, uniforms at M&L are not only viewed as garments, but also as valuable strategic and tactical tools crucial to their work.

## BALLISTIC VEST COVER SYSTEM

### ARMORSKIN® BASE SHIRT

The base of the system is a hybrid shirt. A wicking fast-dry polo with uniform sleeves and collar. Throw on the loaded Armorskin® vest carrier cover and you are in uniform. Easily remove your carrier in the station for a complete cool down. Rugged, pick-resistant knit and Blauer's quality uniform shirt fabrics means the Base Shirt will look good for a long time.

### ARMORSKIN®

Most outer carriers look like military armor, and multiple layers of nylon make them just as uncomfortable as wearing concealed vests. Designed to look like a uniform shirt when worn over a Base Shirt, Armorskin® helps to maintain a professional appearance and your tactical advantage on the street. With breathable mesh side panels for quick-dry comfort.

## B.COOL® PERFORMANCE POLO SHIRT

Built to take the heat, this lightweight, breathable and moisture-wicking polo will take a beating and keep on wearing. The high performance polyester shell fabric is specially treated to wick away perspiration and prevent odor buildup. The durable, no fade pique weave resists wrinkling, snagging and pilling and it will hold its color for a hundred or more washings. A no curl ribbed collar and cuffs keeps you looking good in any situation. A pen pocket on the left sleeve and center microphone or camera tab add true practicality.

# STAY WARM

## HI-VIS FLICKER GLOVES

Flicker is the perfect glove for public safety when the weather gets cold. Completely waterproof with a soft microfleece lining, your hands will be shielded from the bitter cold, with a touchscreen-friendly fingertip on both hands to make using devices easier. The glove is specially designed to be "flicked" off your hand quickly using a downward throwing motion when you do need to get it off fast to reach for your equipment, but otherwise its elasticized cuff keeps it on securely. ANSI 107 compliant visibility with reflective stripes helps ensure that others see you, while a machine-washable construction makes for easy care.

STYLE : GL200

## SQUALL GLOVES

Our new Squall glove with touchscreen-friendly index finger is made for three-season comfort and warmth. With two different levels of Thinsulate™ inside, this water-repellent but breathable glove is pre-curved to fit your hand naturally while protecting you from the elements. The ribbed spandex shell fabric lets you keep your gloves on, ready for action, when the weather is chilly or cold. Molded hook and loop closure, perforated Neoprene collar.

STYLE : GL109

## GLOVES WITH GORE-TEX®

Comfort and waterproofness are combined in this glove thanks to its GORE-TEX® membrane, B.Warm® insulation and interior fleece finish. Pre-curved fingers and leather reinforcements on fingers and palms give you freedom of movement while keeping your hands warm.

STYLE : 9100

## LEATHER GLOVES

Deerskin leather glove, with a polar fleece and Thinsulate lining and an elastic at the wrist.

### TECHNOLOGIES

#### DEFENCE AGAINST THE RAIN AND THE WIND FOR TOP COMFORT

Gore-Tex® is the expert in outdoor multi-purpose clothes and meets the requirements of security and military forces in all difficult environments.

#### BLOCKING THE COLD AND LETTING SWEAT EVAPORATE

Materials used by Wind Stopper® eliminate the effect of wind cooling while letting the body evacuate humidity. Keeps its properties even after repeated washings.

#### TOP COMFORT AND TOP APPEARANCE

B.COOL® fabric combines a layer of cotton for a natural comfort and a layer of polyester for a great look and protection against humidity.

#### TOP THERMAL COMFORT

The exclusive fleece in B.WARM® fabrics is the thermal defensive layer that keeps you comfortable. Fulfill your mission without worrying about heat and energy losses.

#### TOP PROTECTION

Blauer's B.DRY® logo indicates a product is waterproof, windproof, and breathable by both fabric and design. Most B.DRY® products are fully seam taped and built with special attention to zippers, collars and cuff closures.

#### THE TECHNOLOGY OF EXTREME COMFORT

Patented fabrics that act as an armour between the body and humidity coming from the outside or from the inside, while minimizing sweat marks and speeding up the cooling process of the body in action.

#### THE HIGH VISIBILITY SPECIALIST THAT GUARANTEES YOUR SAFETY

3M Scotchlite™ reflective equipment reflects light 100 times more than fluorescent clothing in half-light. Your visibility is dramatically increased as well as your safety.

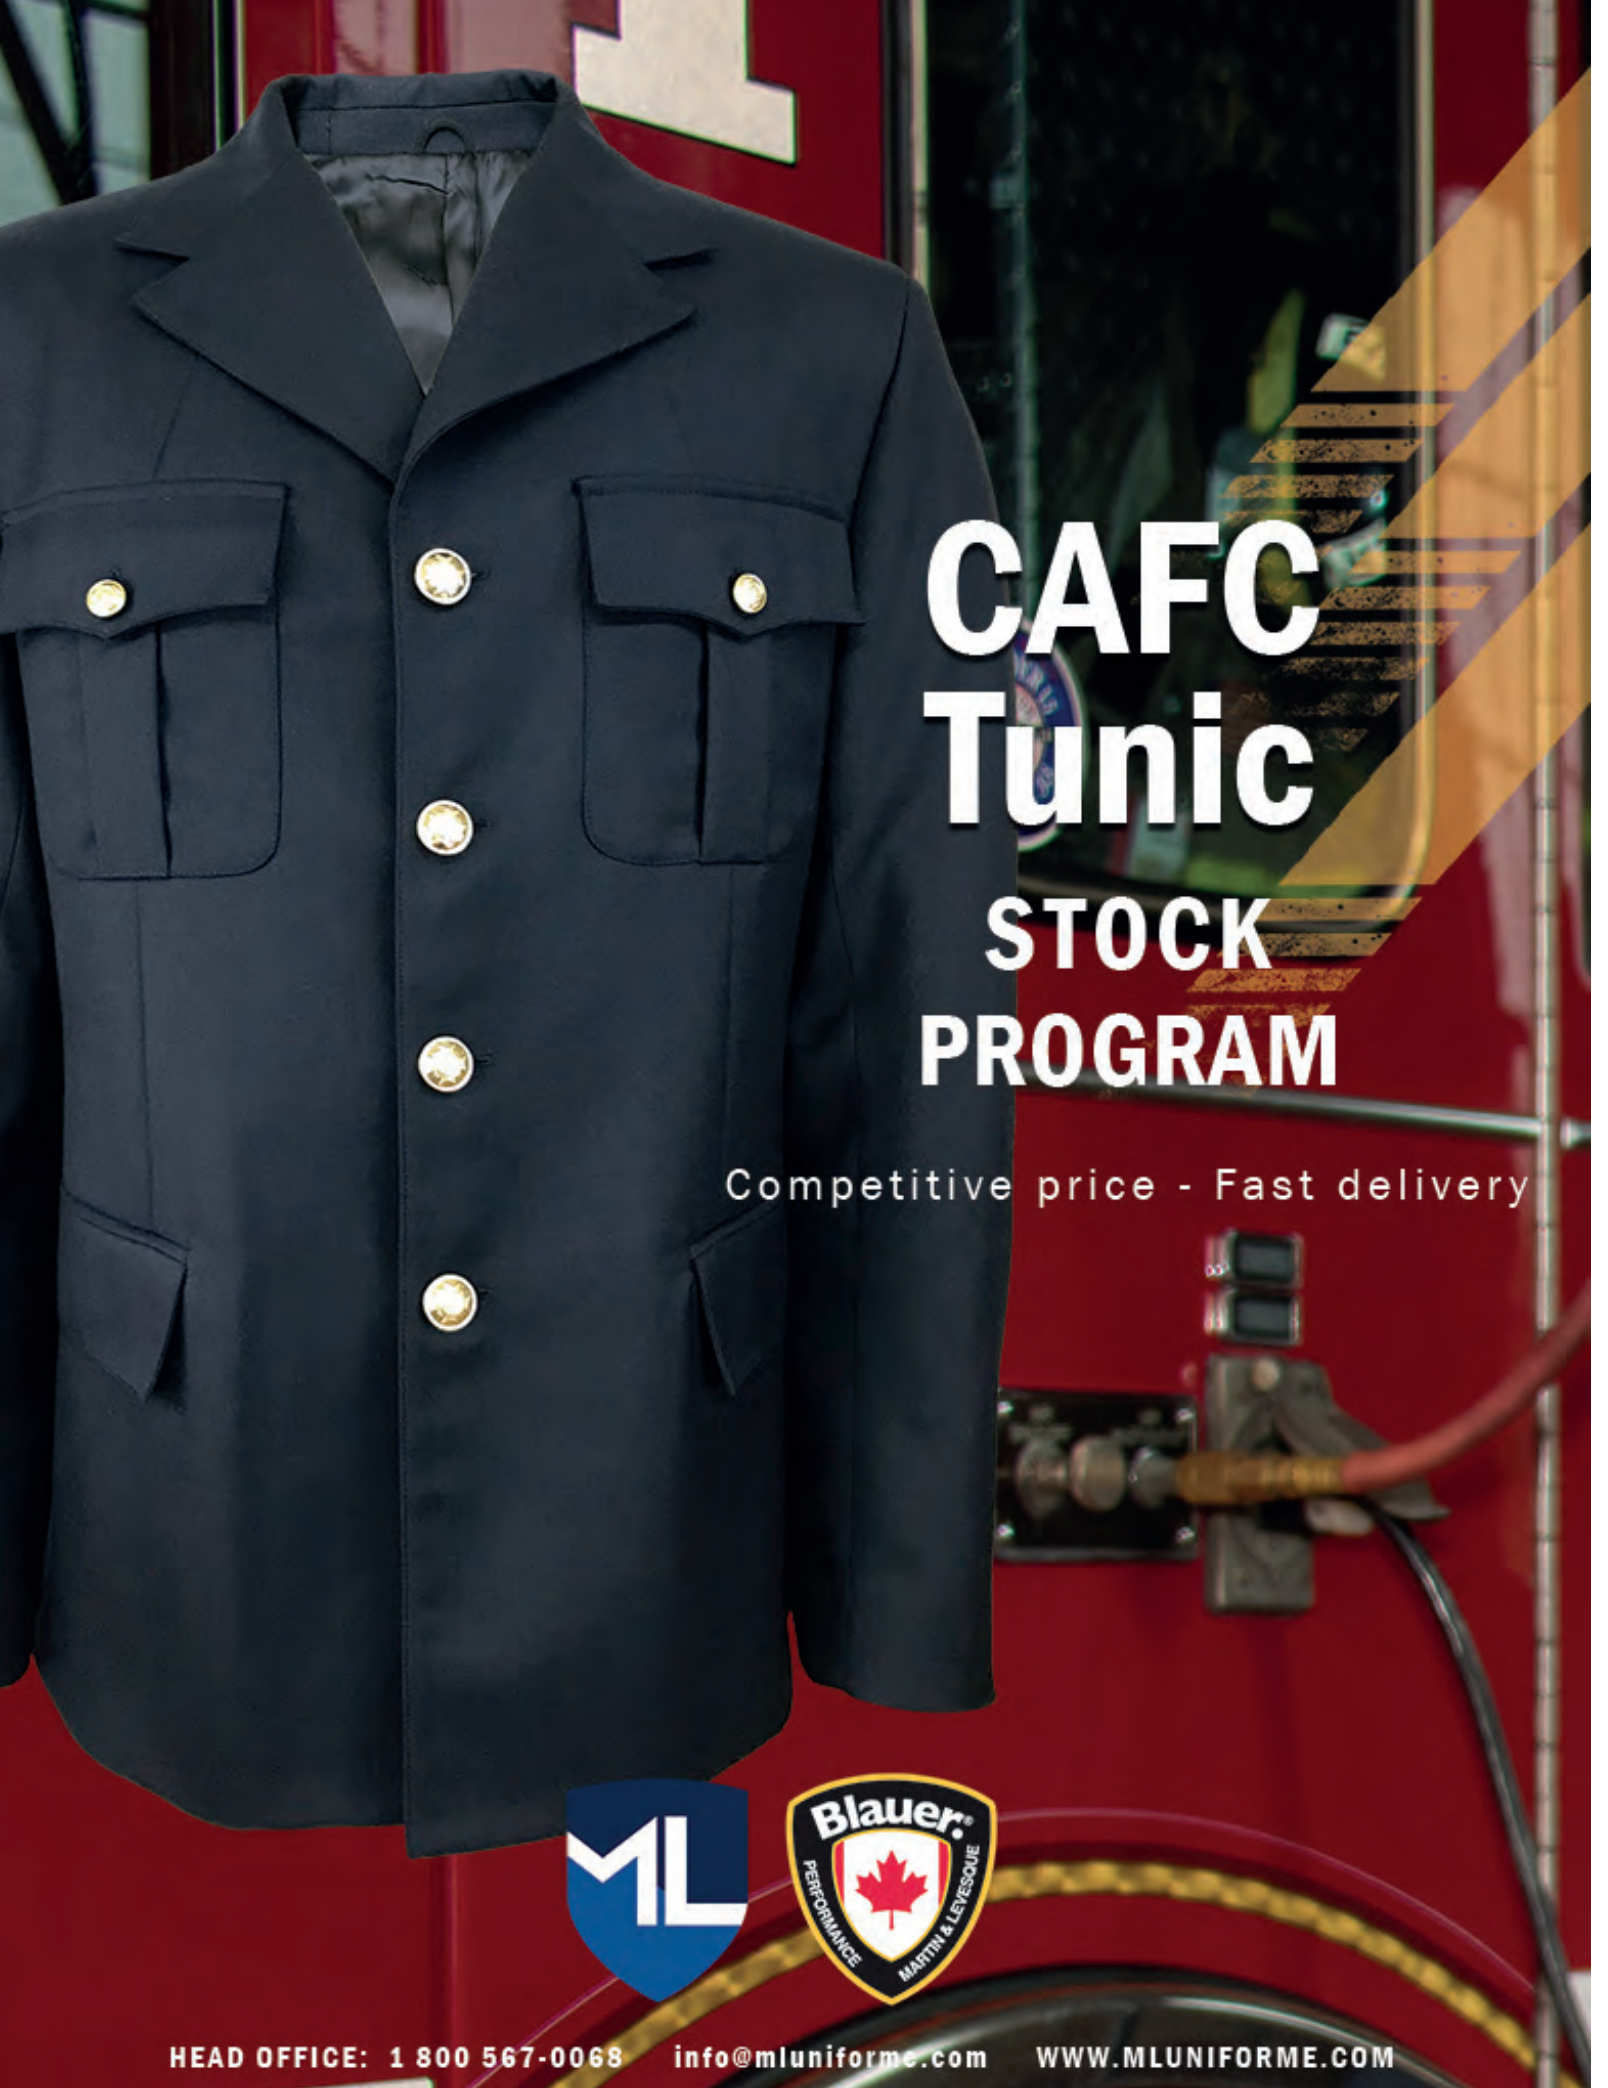

#### SPEED LACING SYSTEM

The BOA® speed lacing system is the fastest on/off system of any boot in the public safety market, allowing you to dial-a-perfect-fit in seconds. BOA® is engineered for comfort and lasting performance.
